

Dear Sir/Madam,

EURORAD, hereafter ER, has been collecting personal data about you. ER uses your personal data in compliance with the provisions under the French Information Technology, Data Files and Civil Liberty law of 6th of January 1978, and the European General Data Protection Regulation ("GDPR"), as amended from time to time (collectively "Regulation"). This Data Protection Policy ("Policy") explains how we use your personal data.

What Personal Data do we collect?

"Personal Data" is any information relating to you or that we can otherwise link to you. The Personal Data we collect include your name, postal address, e-mail address, phone and fax number, company name, company structure, job title, job function and business affiliations. In case of contractual agreements, the list of data points can be expanded on a case by case basis.

How do we collect your Personal Data?

We collect personal data that you voluntarily provide to us, for example when

1. you enter into a contractual agreement with us
2. you communicate with us via e-mail or through post
3. you contact us via our website
4. you exchange business cards with us
5. we are given your information by contacts in our corporate network
6. you communicate with us in other ways

In some cases, your Personal Data has been supplemented by information retrieved from other sources, including searches via the internet (websites, social media, etc.) or sector-specific newsletters.

How do we use your Personal Data?

We use the Personal Data we collect to fulfill contractual or regulatory obligations, for communication purposes and to maintain and expand our network, including:

1. to send you updates and other information about ER and our products;
2. to send you invitations to events, call, and meetings;
3. to maintain our list of contacts

We do not make your Personal Data available to any third party, except to service providers in a contractual relationship with ER, or in cases where we are obliged to by the regulatory bodies.

Why do we process your Personal Data and on what legal basis

As set out above, we process your Personal Data to fulfil our contractual and regulatory duties and for communication and networking purposes. We rely on our legitimate interests in maintaining business relationships and communicating with you as a business contact, about the ER activities and events. We consider that our legitimate interests are in compliance with the Regulation and your legal rights and freedoms.

Where is your Personal Data stored?

ER operates in France and most of the Personal Data is processed in Europe. However, part of the data may be stored on servers in Switzerland, Jersey and the US. We ensure that personal data is only sent or stored in non-EU countries if the respective countries have an appropriate level of data protection (in accordance with the decision of the EU Commission).

How long do we keep your Personal Data?

Your Personal Data will be saved for the specified purposes mentioned above for as long as you are a business contact to us or if we are obliged to by the regulator (whichever period is longer). You can opt-out at any time, if you no longer wish to receive communication from ER or if you want ER to delete your data. Should you have a request of the above nature, please contact us at info@eurorad.com.

Data Security

ER has implemented appropriate technical and organizational security measures to help protect your Personal Data against loss and to safeguard against access by unauthorized persons.

Your Rights

You have the right to know what Personal Data we process about you and may request a copy. You are also entitled to have incorrect Personal Data about you corrected and you may in some cases ask us to delete your Personal Data. You can also object to certain Personal Data about you being processed and request that processing of your Personal Data be limited. Please note that the limitation or deletion of your Personal Data may not be possible, if that would cause ER to violate contractual or regulatory obligations. Please also note that the limitation or deletion of your Personal Data may mean we will be unable to provide the communications described above. You also have the right to receive your Personal Data in a machine-readable format and have the data transferred to another party responsible for data processing. If you disagree with how we process your Personal Data, you are also entitled to report this to the French CNIL commission, National Commission on Informatics and Liberty, an independent French administrative regulatory body whose mission is to ensure that [data privacy](#) is applied to the collection, storage, and use of personal data, and/or to the competent supervisory authorities in the EU.

How to contact us

If you have any questions about how we process your Personal Data, please feel free to contact at info@eurorad.com.

Your ER Team
